Portfolio: https://deepanshipatidar.github.io/

CAREER OBJECTIVE

B.Tech Computer Science Engineering student with strong programming and problem-solving skills. Seeking a Software Developer Internship to apply technical knowledge, contribute to real-world projects, and enhance software development skills.

EDUCATION

Bachelor of Technology, Computer Science Engineering *2024-2028*

Indore Institute of Science and Technology (IIST), Indore | CGPA: 7.22 / 10

Higher Secondary (Class XII), PCM *2022-2023*

Alpine Public School, Indore | Percentage: 74.6%

TECHNICAL SKILLS

Languages: Java, Python, C++, SQL

Web/Frameworks: HTML, CSS, JavaScript

Tools & Platforms: Git/GitHub, VS Code, MySQL, Apache Netbeans

Core Concepts: Data Structures and Algorithms, OOP, DBMS, Operating Systems, Computer Networks

PROJECTS

Jeevanta – AI-Powered Healthcare Assistance Platform | June 2026

Tech Stack: React, JSP, Servlets, MySQL

- Developed an AI-powered healthcare platform integrating doctor consultation, bed booking, and emergency ambulance services.
- Integrated ambulance tracking and emergency assistance to improve access to medical services.
- Implemented JWT-based authentication to provide secure user access and booking management.
- Designed MySQL database functionality to manage patient profiles and healthcare information efficiently.

PlaceAI – AI-Powered Campus Placement Management System

Status: In Development

- Developing an AI-powered platform to streamline and simplify the campus placement process.
- Enabled company registration and placement drive creation with customized eligibility criteria.

- Designed student profiles containing CGPA, branch, technical skills, and programming languages for efficient candidate evaluation.
- Implementing AI-based filtering and ranking to identify suitable candidates based on company requirements.

CERTIFICATIONS

- NPTEL – Programming in Java (Elite + Silver). Apr 2026
- Cisco – Python Essentials 1. Sept 2026
- Cisco – Python Essentials 2. Sept 2026
- Cisco – Introduction to Cybersecurity. Sept 2026
- Cisco – Introduction to Modern AI. Sept 2026
- Cisco – Introduction to Data Science. Sept 2026
- Cisco – CCNA: Enterprise Networking, Security, and Automation. Sept 2026
- Cisco – CCNA: Switching, Routing, and Wireless Essentials. Sept 2026
- Cisco – CCNA: Introduction to Networks. Sept 2026

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- Solved 50+ problems on LeetCode.
- Successfully achieved Elite + Silver certification in NPTEL Programming in Java.
- Participated in an internal college hackathon and developed Jeevanta, an AI-powered healthcare solution.
